**NOV/DEC 2015**

## FROM THE DESK OF THE PRESIDENT

**WOW...**

....**Another one in the books.** Can you believe that we are already experiencing another New Year? It is unbelievable that another Christmas Season has passed us by. It is even more remarkable that letter carriers, once again, did a great job delivering all of those presents to our eager customers. Almost all of our customers appreciate our hard work, even though our employers do not show that same appreciation. Customers this year have once again voted postal workers the most trusted federal employees in the nation. Great job to one and all.

On a sad note, it was announced that President Emeritus James Radermacher who served as our National President from 1968-1977 passed away on December 15, 2015. In remembering President Radermacher, our current National President Fredric Rolando was quoted as saying "Jim spent his working life in the service of letter carriers, even through his retirement years."

Rademacher oversaw the first collective bargaining agreement with the USPS and he is credited with the defeat of the so-called "Kokomo Plan." His private funeral service has already taken place.

Now that the City Delivery Route Alternative Adjustment Process (CDRAAP) is winding down to a close, we find that there were some very reasonable adjustments made in our area by the joint teams. You can rest assured that management will not be agreeing to this type of process in the near future. As far as they are concerned, they were required to add too many assignments back into the zones. Therefore, as a letter carrier, I would be looking for local management to be out there on the streets this coming year, walking with us trying to verify street times on our assignments.

Their goal, once again, will be to try to unilaterally abolish as many routes as they can - thus heaping deliveries on our backs again, and then telling us that routes are still only 8 hours. The same old management game, just a different year.

So what do we do? We protect the assignments. We do the assignment the same way, **EVERY** day. We do our jobs **EVERY** day consistently. We don't skip or shorten our breaks or our lunches. We do not leave any parcels at curbside boxes that should be taken to the door. We do not throw parcels across a customer's lawn or their porch, unless the customer has expressly requested that type of service. We do not drive without our lap belts or our shoulder harnesses. We don't drive with our doors open **EVER**. There is no requirement that we "run" the routes. Simply said, deliver the mail "**Safely and Efficiently.**" All of the other silly little shortcuts that we carriers develop to increase our speed are only going to come back and bite us on the butt when management starts verifying our street times.

With all the new movement of carriers to different assignments in our offices, some of our brothers and sisters are finding out that they are not up to speed when it comes to having a new password that allows them to electronically bid on assignments. By the time they acquire this new password, it is too late to bid on the assignment they would like to have been awarded and a junior carrier gets the job. As electronic/phone bidding is more and more becoming the **ONLY** way to bid in most of our areas, don't find yourself getting locked out of an assignment that you have been waiting for, because you do not have the proper password. If you are unsure how to obtain the proper password, call the union and we will let you know how to make that happen.

**Desk of President – Continued – Next Page**

**Desk of President- Continued....**

**Safety** needs to be the first thing on the mind of every letter carrier out there. Once again, last month we lost a brother carrier in the Las Vegas area. We don't know the circumstances of the accident, other than the carrier's LLV collided with a small Toyota driven by an elderly woman. The force of the collision caused the LLV to roll onto its roof and the carrier was ejected from the vehicle, where he died on the scene. We don't need to know the cause. We don't need to point fingers. We don't need to try and blame management. We simply need to realize that this type of thing can happen to any of us. When we leave our residence in the morning, the most important goal must be that we return home to our family and friends, safe and sound. Additionally, we have an obligation to our loved ones to work safely and return home without detours to doctors or emergency rooms.

We just received our supply of pocket calendars for 2016. If you would like one, let your steward know or call the union office.

**BE SAFE!!!! BE PROFICIENT!!!! BE PROFESSIONAL!!!**  
**Until Next Time.....Mike Wylly**

**Union Benefits**

There are many benefits letter carriers receive when they become members of the NALC, other than job protection and representation. I have outlined below just one of these benefits.

**Scholarships** – NALC members have access to a number of scholarship funds to assist them financially in pursuing higher education for themselves or their children and grandchildren. The national NALC scholarship award is called the William C. Doherty Scholarship Fund, which awards five renewable grants of \$4000 each to children of NALC members. The John T. Donelon Scholarship Fund awards \$1000 scholarships each year and is renewable for an additional three consecutive years.

Applications for the above scholarships may be obtained online at the NALC website: [www.nalc.org](http://www.nalc.org). Applicants must be the son, daughter, or legally adopted child of an NALC member in good standing: active, retired, or deceased. Stepchildren and grandchildren are eligible if they live with the member in a regular parent-child relationship. The applicant must be a high school senior when applying. The application must be signed by the member and an officer of the local branch. The requirements and eligibility are available at the NALC website.

The California State Association of Letter Carriers administers a scholarship fund in the name of Carl Saxsenmeier. The Saxsenmeier Scholarship Fund awards \$1,250 each year, to eight children or grandchildren of California letter carriers/union members. The application for this scholarship can be obtained from the local Branch office or online at: [www.csalc.org](http://www.csalc.org)

Our local branch has its own scholarship program in the name of John S. Mikita. The Mikita scholarship award is \$1000 payable to the college after enrollment. This application (included in this issue of the Mail Call) can be obtained from your local shop steward or the union office or online at: [www.nalc2200.org](http://www.nalc2200.org)

There are also scholarships available to members that participate in the AFL-CIO Union Privilege program online at: [www.aflcio.org/About/Member-Benefits](http://www.aflcio.org/About/Member-Benefits) Union Privilege provides other benefits, such as home mortgage assistance and credit card applications.

So, you can see that being a member of the union is not just about grievances and workroom floor issues. The union is about protection and advancement of your entire family. Make sure you have taken the step to union membership for the benefit of your entire family.
